

Are you nuts! Why are you trying to make me, an innocent law-abiding citizen. Who is exercising my rights according to law, into a felon? Who is bribing you? There has to be a payoff to make you want to do this.. I hope you can sleep at night. I couldn't if I was doing this, my conscience would keep me awake, in fact it would make me miserable. My parents raised me better than that, they instilled a respect for what is right, fairness, and justice in me. I guess it's just too much to expect that the lawmakers of this country and those in charge of making decisions that affect the rest of us would also appreciate these qualities and more importantly have and exercise them..
